

# Sidewalk Accessibility Checklist

Starting Address:
Ending Address:
Date:

Please indicate your experience with any barriers you encountered when using the sidewalks in your neighborhood.

**1. Did you have enough room on the sidewalk to walk/roll safely?**

Awful	Many problems	Some problems	Good	Very good
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

If problems, please place a check mark by things you encountered during your walk/roll:

- No sidewalk existed
- Sidewalks started and stopped
- Sidewalks were too narrow
- Sidewalks were blocked with poles, signs, or other obstacles
- Sidewalks were blocked by branches or other vertical obstacles
- Adequate places for two people to pass each other were not provided
- Other:

Specific Location of problems: (i.e. Southeast corner of Halsted and 14<sup>th</sup> Street or 1845 Lexington)

5. Was it easy to cross the street?

Awful	Many problems	Some problems	Good	Very good
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

If problems, please place a check mark by things you encountered during your walk/roll:

- Difficult to tell the difference between where the sidewalk ended and the street starts
- Street too wide, takes too long to cross
- No traffic signals or pedestrian signals
- Traffic signals made you wait too long
- Traffic signals did not give you enough time to cross
- Pedestrian signal controls were difficult to locate
- Pedestrian signal controls were difficult to activate
- No Stop Sign
- No marked crosswalk
- Parked cars blocked your view of traffic
- Trees or plants blocked your view of traffic
- Other:

Specific Location of problems: (i.e. Southeast corner of Halsted and 14<sup>th</sup> Street or 1845 Lexington):
